

IMPORTANT CHANGE TO YOUR PHARMACY BENEFIT PROGRAM
Effective July 1, 2011

Dear Valued Member:

As a member of Montana Municipal Interlocal Authority (MMIA), your employer contracts with Catalyst Rx to provide prescription benefits. In an effort to continually provide you with the highest level of customer service and care, it is sometimes necessary to implement changes to your pharmacy program.

On July 1, 2011, your copayments for medications available through a retail and mail service pharmacy have changed. These changes are illustrated in the table below.

These changes have been made to encourage the use of lower-cost generics and preferred brand-name medications. If you are currently taking a medication that has a lower-cost generic or preferred formulary alternative available, these alternatives could significantly reduce your prescription out-of-pocket expenses. As a self-funded pool, MMIA implements many cost containment measures in order to ensure that the pool, as a whole, experiences the lowest out-of-pocket expenses possible.

Copayment Amounts

Copayment Tier	Retail Copayment (30-day supply)	Mail Service Copayment (Up to a 90-day supply)
Tier 1 (Generics)	\$4	\$8
Tier 2 (Preferred Brand-Names)	\$20	\$40
Tier 3 (Non-Preferred Brand-Names)	\$50	\$100

Please note that MMIA provides a mail-order prescription service through Ridgeway Pharmacy. This service provides a 90-day supply for a 60-day copayment. Ridgeway can be contacted at 1-800-630-3214 or you can visit their website at www.ridgewayrx.com.
